

WHO AM I?

I am more powerful than the combined armies of the world.
I am more expensive to maintain than all the armies since the world began.
I cause more poverty than strong drink.
I ruin more business than all bank failures combined.
I cause hardship and suffering.
I make the rich rob the poor in increased prices.
I make the cost of living high, and starve the women and children.
I spare no one; I find my victims among the little and big.
I make ships go down at sea.
I cause more loss and devastation than all the wars in history.
I lurk in unseen places, and do my work silently. You are warned against me, but you heed not.
I bring sickness, degradation, death.
I destroy hopes and ruin industries.
I am on the railroads, in the factories, the mines, the stores, the warehouses, the markets and the homes.
I have two brothers, WASTE and CARELESSNESS, but they do nothing except under my direction and leadership.
I am the king of all destruction.

PENSION FOR WIFE OF BRAVE CAPTAIN

(By Associated Press.)

LONDON, Mar. 9.—The British government has decided to grant an additional pension of \$500 a year to Mrs. Fryatt, widow of Captain Fryatt, who was captured by the Germans and shot because they declared he tried to ram submarines while operating his cross-channel steamer between Holland and England. This sum will be given to Mrs. Fryatt in addition to the pension she was entitled to under the government pension scheme.

The Great Eastern Railway company, whose steamer Captain Fryatt commanded, has voted to pay the widow for life a sum equal to the skipper's salary. To further commemorate his memory, the company has decided to endow a "Fryatt Memorial Wing" to the company's hospital at Harwich.

INDECENT MOVIES INJURE BUSINESS

FILM MAKERS SUBMIT TWO OF THEIR MOST DIFFICULT PROBLEMS

(By Associated Press.)

NEW YORK, Mar. 9.—Motion picture producers testified today here before the legislative committee investigating the industry that two of the most difficult problems before them are the theft of films and the elimination of indecent pictures.

Benjamin Hampton declared immoral films injure the industry and cannot survive public condemnation. He advocated some form of state regulation.

Frank J. Marion urged the appointment of one "red blooded" man as a state censor. "I for one am going to get out of the business for shame in facing my family," he said, "if something isn't done to eradicate the filthy side of the industry."

TURKEY TRIES TO PUT ONE OVER UNCLE SAM

GERMANY COMES TO THE ASSISTANCE OF HER ALLY UNDER OLD TREATY

(By Associated Press.)

WASHINGTON, D. C., Mar. 9.—Turkey again has attempted, without success, to secure the consent of the United States to abrogate the ancient "capitulations" under which foreigners under Turkish rule enjoy extra-territorial rights and are exempt from many peculiarities of

Moslem law.

Taking advantage of the state department's plan to transfer to Turkey four of the American consuls withdrawn from Germany, the Ottoman government proposed that a new form of exequatur be issued to them, omitting the right to sit as judges under American law in cases involving American and American property. The United States replied that it could not consent to such a change.

The negotiations explain why Germany has been detaining the four consuls who were ordered from Germany to Turkish territory. The Berlin government did not want to embarrass her ally by sending the American officials to Turkey while the point remained undecided.

Invented the Check System.

John Palmer, who died some years ago in rather straitened circumstances in a little town in Michigan, was the inventor of the check system. Palmer was a fiddler and assumed responsibility for the hats, coats and wraps of those who came to his dancing parties. In keeping things straight he gave numbered checks for the articles committed to his care. Some railroad men who attended one of the dances noticed how perfectly the idea worked, appropriated it and in a short time it was adopted all over the country. As is often the case, the inventor got nothing out of it.—Philadelphia Press.

New England's Name.

The pilgrims had nothing to do with the naming of New England. That name was coined by Captain John Smith of Pocahontas fame and one of the founders of the Virginia colony. In 1614 he explored and mapped the northern coast, then called North Virginia, and renamed it New England. The Mayflower pilgrims did not arrive until 1620, and the charter granted the new colony adopted the name used in Smith's map several years before.
